Hamden Lions Serving Others

Pictured: Hamden Lions Club President Natalie, BH Care Director of Development and Marketing Melissa Simoni, and Lion David.

Hamden: The Hamden Lions Club presented Melissa Simoni the Director of Development and Marketing for BH Care with a check at their November Meeting. The proceeds from a recent ice cream fundraiser held at Kelly's Cone Connection made the donation of funds to the program possible. BH Care provides support to children, adults and families. While at the meeting Melissa explained the many programs that are available through BH Care's Certified Community Behavioral Health Clinic.

cepting applications (Scan QR code). Communities in the local area that have Lions Clubs are: Cheshire, East Haven, Hamden, New Haven, North Haven, Wallingford, and West Haven.

Lions Clubs are looking for fun, positive community members dedicated to making a difference. The benefits are Leadership Growth, Community Impact, Networking and Friendship, Global Reach, and Local Action.

District 23A Lions Clubs

APPLICATIONS NOW BEING ACCEPTED

District 23A Lions Clubs -- New Haven & Fairfield Counties are now ac-

NOTICE

NOTICE IS HEREBY GIVEN, pursuant to Section 16-50g et seq. of the Connecticut General Statutes, as amended, and Section 16-50j-1 et seq. of the Regulations of Connecticut State Agencies, as amended, of the intent of New Cingular Wireless PCS LLC ("AT&T") (the "Applicant") to file an Application for a Certificate of Environmental Compatibility and Public Need with the Connecticut Siting Council ("Siting Council") on or after December 7, 2026 to construct a wireless telecommunications tower facility ("Facility") at 356 Old Maple Avenue in the Town of North Haven.

The Facility is proposed on an approximately 0.89-acre parcel of land owned by Berken LLC and identified as Tax ID 037 093 on the Town of North Haven Tax Map.

The proposed Facility would consist of a new self-supporting monopole that is 150' tall, with a lightning rod extending 4' above the top of the pole, bringing the total height to approximately 154'. The monopole would be located within a fenced compound in the western section of the parcel. AT&T's antennas would be placed at a centerline height of approximately 146' above grade level with a walk-in equipment cabinet and 30 kW emergency backup generator located within the compound. All ground-level equipment within the compound will be located upon an elevated steel platform. The tower would also be designed to accommodate three additional FCC-licensed wireless carriers. The location, height, and other features of the Facility are subject to review and potential change by the Siting Council under the provisions of Connecticut General Statutes §16-50g et seq.

The Application explains the need, purpose, and benefits of the Facility and also describes the environmental considerations of the proposed Facility.

Interested parties and residents are invited to review the Application at the following offices during normal business hours after December 7, 2026 when the Application is anticipated to be filed:

Connecticut Siting Council
10 Franklin Square
New Britain, CT 06051

J. Stacey Yarbrough, Town Clerk
Town of North Haven
18 Church Street
North Haven, CT 06473

All inquiries should be addressed to the Connecticut Siting Council or to the undersigned:

Daniel Patrick, Esq.
Kristen Motel, Esq.
Cuddy & Feder LLP
445 Hamilton Ave, 14th Floor
White Plains, NY 10601
(914) 761-1300

Members of the public are invited to

CONNECTICUT DEPARTMENT OF TRANSPORTATION

VIRTUAL PUBLIC INFORMATION MEETING

State Project No. 0100-0185
Rehabilitation of Bridge No. 02649
Carrying Route22 (Clintonville Road)
over Interstate 91 and Amtrak Railroad
in North Haven

Thursday, December 10, 2026, at 6:00 p.m.

Access Meeting & Learn More:
portal.ct.gov/DOTNorthHaven0100-0185

The purpose of this meeting is to provide the community with an opportunity to learn about the proposed project and allow an open discussion of any views and comments concerning the proposed improvements. A Q&A session will immediately follow the presentation.

Originally constructed in 1973, the bridge has exceeded its original design lifespan, and vital structural components need to be replaced to extend its service life and improve safety for all roadway users.

Right-of-way impacts are not anticipated.

Construction is anticipated to start in spring 2030, depending on funding, possible future right-of-way acquisitions, and permits. The estimated cost is $17 million with 80% federal funds and 20% state funds.

The public can submit comments and questions during two-week public comment period following the meeting. Comments and questions can be submitted by Thursday, December 24, 2026, to **DOTProject100-185@ct.gov** or 860-594-2020.

ACCESSIBILITY

Non-English language closed captioning will be available on Zoom and YouTube. The recording will also be posted following the meeting in CTDOT's public meeting playlist at **portal.ct.gov/ctdotVPIMarchive**.

For audio only, call 877-853-5257 with Meeting ID 868 1438 7243. Project information can be mailed within one week by contacting Brianna Ritacco at **Brianna.Ritacco@ct.gov** or 860-594-3205.

Individuals with hearing/speech disabilities can dial 711 for Telecommunications Relay Services (TRS). Request language assistance from CTDOT's Language Assistance at 860-594-2109 at least five business days before meeting.
