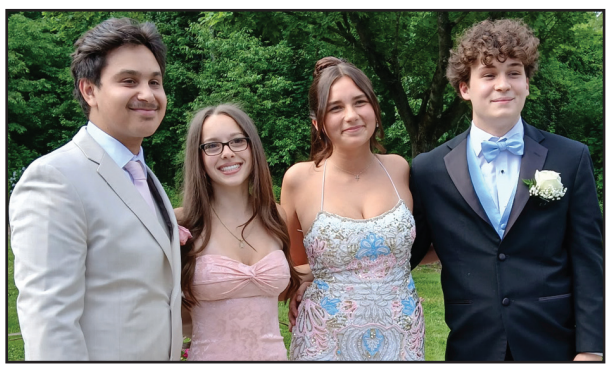
A Pre Prom Family Gathering



Pictured Left: Miley and David. **Right:** All the friends and graduates

Hamden: On Thursday, May 28 at 4 o'clock a large family gathering was enjoyed by all for Miley, David and friends who graduated on June 5, at Hamden Hall High School. There were many laughs, conversations, and pictures taken of them and their family members before going to celebrate with other classmates at The Woodwinds in Branford. The parents, grandparents, brothers and sisters all became friends. Miley is a softball coach of the girls softball Diamond Zone Travel Team in North Haven. Miley used to play the position of catcher, and was great at it. We wish them all good luck for whatever the future holds for them. God Bless all of you.

North Haven: "We are so thankful to Cub Scouts Pack 26 and all of the community members who come together to help clean up our public spaces so that we can all continue to enjoy them! Pack 26 has done a great job working alongside the North Haven Trail Association for the past several years to help pick up trash at Chapman-Sinoway, Tidal Marsh, and Banton Quinnipiac trails in North Haven. On behalf of the NHTA, I'm pleased to give these scouts some special recognition for all of the great volunteer work that they do throughout the year to help out our community." - Steve Fontana, President, NHTA.

Question & Answer - Dr. Richard Durocher

Q: I think I have a hammertoe. What is the condition and what can I do about it?

A: A hammertoe deformity is a condition where the toes curl at the joints. This can occur in one toe or several toes. As this condition progresses, the affected toe joints can become enlarged and deformed. The hammertoe can also cause painful corns and calluses on the toe from abnormal presssures in your shoes. This can make walking difficult.

Heredity, injury and certain diseases such as arthritis are some causes of this deformity. Tight pointed or small shoes as well as a muscle imbalance are also causes. In the early stages of this deformity, especially in young children, the podiatrist might treat the hammertoe by altering the footwear or prescribe orthotics. Orthotics are shoe inserts that will help correct the muscle imbalance and position of the foot. In advanced cases where the toe is unable to straighten conservatively and the toe is very painful, surgical management of the toe might be necessary.

Contact Dr. Durocher for an evaluation of this condition.
