Cabrera Welcomes New State-Funded Food Assistance for CT Residents

State Senator Jorge Cabrera **(D-Hamden)** has welcomed an announcement by Governor Ned Lamont that new one-time grocery benefits in the amount of $300 each are now being distributed to low-income Connecticut residents who have been pushed out of the Supplemental Nutrition Assistance Program (SNAP) due new changes implemented by the Trump regime in the Republican federal budget.

There are nearly 13,000 constituents receiving state SNAP benefits in Sen. Cabrera's 17th State Senate District towns of Ansonia, Beacon Falls, Bethany, Derby, **Hamden,** Naugatuck, and Woodbridge, or about one in every eight residents. Although not every single SNAP recipient in the district will receive the new benefit card, many will.

The $300 grocery benefits are being distributed as prepaid virtual grocery cards—not loaded onto existing EBT cards—through a partnership the Connecticut Department of Social Services (DSS) arranged with Connecticut's network of community action agencies, with support provided by the Connecticut Association for Community Action (CAFCA). Eligible residents are now expected to be able to begin accessing the benefits.

The benefits are being financed by $8.5 million in state funding that Governor Lamont approved several weeks ago using Connecticut's Federal Cuts Response Fund. This recently created state fund was established by Governor Lamont and Democratic state legislators to ensure that Connecticut remains prepared to quickly respond to significant federal policy and funding changes affecting Connecticut residents, businesses, and communities.

Who qualifies for the new grocery benefit? Any individual in a household who lost SNAP eligibility due to the new federal changes—commonly referred to as ABAWD, or Able-Bodied Adults Without Dependents requirements—since Dec. 1, 2025, and who is no longer receiving SNAP, qualifies for the benefit. The benefit is available per individual, not per household, and the amount is the same for every eligible recipient.

Connecticut residents who received a DSS notice stating they do not meet the ABAWD requirements and who are identified in that notice as having reached their three-month SNAP benefit limit should reach out to their local community action agency about how to request the benefit. Eligibility will be confirmed at the time of request.

The new grocery benefit functions like a prepaid Mastercard or Visa and can be used at any food retailer that accepts standard credit cards. It does not expire, and any unused balance remains on the card until spent. The benefit is intended for SNAP-eligible food purchases.

The $8.5 million in state funds used to support these new grocery benefits are just part of a broader $33 million Democratic investment in state-funded food assistance that Connecticut has released from its Federal Cuts Response Fund over the last several months.

Stream & Lake Map of New England (CT, MA, VT, NH, RI)

LOST STREAM MAP

The STREAM & LAKE MAP OF NEW ENGLAND resembles another map--known to Pennsylvania anglers as the "Lost Stream Map."

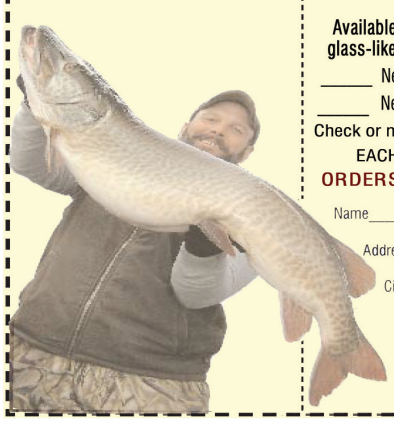
It was completed in 1965 after a 30 year effort by Howard Higbee, a former Penn State Professor.

Professor Higbee painstakingly plotted by hand, the location of 45,000 miles of streams onto the map. It sold extremely well - until the printer declared bankruptcy and hauled Higbee's work to the landfill.

But reprints were impossible because the maps were printed in non-photographic blue. Higbee was even offered $400 for one of his last maps. And state agencies were forced to keep their copies under lock and key.

Then, at the age of 91, Howard Higbee's dream came true. Computers made it possible to reprint the map.

Then the STREAM & LAKE MAP OF NEW ENGLAND was created.



Why every angler and boater needs this map

Professor Higbee's® Stream & Lake Map of New England is the first and only highly detailed map of its kind. The 3-foot-by-4-foot New England map shows 36,000 miles of streams plus lakes in Connecticut, Massachusetts, Vermont, New Hampshire, and Rhode Island.

Armed with the information in this new and exclusive 24-page report--you could be in for the fight of your life.*

RAVE REVIEWS

"Professor Higbee's Streams of New England belongs on the den wall of every freshwater angler and paddler in the region."
—Tom Meade
Providence Journal-Bulletin

"I have one of the original Higbee's Stream Map of Pennsylvania on my wall behind my desk. It's the best thing available as far as streams are concerned. I use it all the time for reference. I don't know of anything more extensive and it is the most accurate map out there as far as streams are concerned."
—Dave Wolf, PA Fish and Boat Commission
