Dr. Kimball for State Rep - Affordability

To The Editor: August 6, 2026

Every conversation I have these days eventually comes back to affordability. Electric bills. Groceries. Housing. Insurance. People are working hard and still feeling squeezed.

What I appreciate about Dr. Kathleen Kimball is that she talks about affordability in practical terms. She understands that when costs rise faster than wages, families are forced to make difficult choices.

We need a State Rep who recognizes the everyday pressures facing working families and is willing to advocate for solutions that make Connecticut more affordable.

Kathleen's career has been built around helping people through stressful situations. She brings a problem-solving mindset that I believe Hartford could use more of.

This November, I'm supporting Dr. Kathleen Kimball for North Haven State Rep because I believe she will focus on the issues that actually affect people's daily lives.

Sincerely,
Scott D. Friedman, North Haven
