Great Father's Day Gift!

The STREAM & LAKE MAP OF NEW ENGLAND resembles another map--known to Pennsylvania anglers as the "Lost Stream Map."

It was completed in 1965 after a 30 year effort by Howard Higbee, a former Penn State Professor.

Professor Higbee painstakingly plotted by hand, the location of 45,000 miles of streams onto the map. It sold extremely well - until the printer declared bankruptcy and hauled Higbee's work to the landfill.

But reprints were impossible because the maps were printed in non-photographic blue. Higbee was even offered $400 for one of his last maps. And state agencies were forced to keep their copies under lock and key.

Then, at the age of 91, Howard Higbee's dream came true. Computers made it possible to reprint the map.

Then the STREAM & LAKE MAP OF NEW ENGLAND was created.

Why every angler and boater needs this map

Professor Higbee's® Stream & Lake Map of New England is the first and only highly detailed map of its kind. The 3-foot-by-4-foot New England map shows 36,000 miles of streams plus lakes in Connecticut, Massachusetts, Vermont, New Hampshire, and Rhode Island.

For a limited time -- get 3 bonuses with each map

BONUS #1 **GGUIDEBOOK:** *Pinpoint the best fishing in New England with this valuable guide. Easily locate over 36,000 miles of streams and 1,000 lakes shown on the "Stream & Lake Map." Your map and guidebook will take you to the top 448 fishing holes in five states.*

BONUS #2 **REPORT: Finding Secret Fishing Spots** *47 tips, tactics and tools you can use to find your own secret spot and catch more fish.*

BONUS #3 **REPORT: How Anglers Stalk and Catch Record Fish** *The average big fish has evaded capture for over 10 years. Find out which instincts set them apart from smaller fish. Stalking and catching a trophy requires knowledge of their unique habits and those special times when their guard is down. Armed with the information in this new and exclusive 24-page report--you could be in for the fight of your life.*
