This Day in Yale History, 1956

October 3, 1956 / New Haven May Play Host To Eisenhower-Nixon Team

By J. Steven Renkert

President Dwight D. Eisenhower and Vice President Richard M. Nixon may visit New Haven in the near future, according to unofficial sources in Hartford, where Republicans from all over the state rallied to hear Mr. Nixon spoke yesterday.

Throughout the morning informed sources expressed the opinion that the stepped up Republican campaign might bring both the president and the vice president to Connecticut and New Haven.

Corrections

- An article on Sept. 26 about a rally for Yale's unions misidentified the organizers of the gathering. The unions themselves, not union advocacy group New Haven Rising, organized the gathering. The article also misstated the position of Norah Laughter '26 in Students Unite Now. Laughter is an organizer for the group, not its head.
- An article on Sept. 26 about a protest against censorship misstated the name of New Haven's Nexstar Media Group station. It is WTNH News 8, not WTNH 8 News.
- An article on Sept. 26 about the University-wide hiring freeze being scheduled to end mischaracterized a remark byYale College Dean Pericles Lewis. Lewis said the hiring pause was on track to end on Sept. 30, and he expected his office would be able to resume hiring on Oct. 1. He did not confirm that the pause would definitely end on that timeline.
