### ACES UP Launches EV Charging Stations Program

**Hamden:** ACES UP is excited to announce the official kickoff of its innovative EV Charging Stations Program, aimed at promoting sustainability and supporting the transition to electric vehicles across Connecticut's educational institutions.

The initiative is a key feature of the ACES UP Green Schools Clean Classrooms Program which is offered to school districts throughout Connecticut.

The launch event will take place on Wed., May 21, 11:30am at ACES Leeder Hill, 130 Leeder Hill Drive. The event will celebrate the installation of 20 EV charging stations, providing a total of 80 plugs at educational facilities

throughout the state, with many more stations planned for the near future.

ACES UP's program is designed to help schools and educational organizations:

- Go green and meet sustainability goals
- Save money on energy and transportation costs
- Avoid procurement headaches with a streamlined procurement and installation process

The event will feature a ribbon-cutting ceremony, demonstrations of the new charging stations, and opportunities to learn more about the benefits of electric vehicle infrastructure for schools and communities.

RSVP: Those interested in attending are encouraged to RSVP by emailing [acesup@aces.org](mailto:acesup@aces.org).

Join us as we drive Connecticut's schools toward a cleaner, more sustainable future!

### How to Protect Your Car from Car Theft

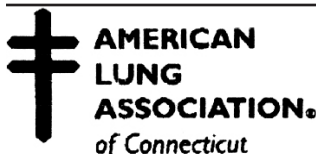

By B.L. -- A long-term resident of North Haven, CT with 58 years of community experience

One of the most effective safety devices at your disposal is your "Key Alarm." If you find yourself in a parking lot and witness someone attempting to break into your vehicle, it's crucial to prioritize your safety: call 911 immediately, activate your Key Alarm, and continue walking to a safe location while remaining on the line with authorities.

Similarly, if you notice someone tampering with or trying to steal your car in your driveway, do not confront the individual. Instead, activate your Key Alarm and contact 911 right away.

In addition to personal safety devices, consider investing in modern security solutions such as doorbell cameras and floodlights equipped with security cameras and sirens. These systems can provide valuable protection for your property.

For me, the Key Alarm is my go-to safety measure -- it's always within reach and comes at no additional cost. Prioritizing personal safety and property protection is essential in today's environment.

#### YOUR CAR CAN SAVE LIVES

Your boat, truck, RV, or motorcycle could, too. Donate your vehicle to The American Lung Association of New England today by calling 1-877-LUNG or log on to [www.donateyourcar.org](http://www.donateyourcar.org). Every vehicle can help combat lung disease.

Lung disease is the third leading cause of death in the United

States, and the number one killer of babies in the world. The American Lung Association has been your local lung health charity for over a century.

Help drive out lung disease for good! Call 1-877-LUNG now!

The American Lung Association of New England is part of the American Lung Association, the oldest voluntary health organization in the U.S. Established in 1904 to combat tuberculosis, our mission today is to prevent lung disease and promote lung health.

For more information, please visit: [www.lungne.org](http://www.lungne.org).
