Chemistry fun in the Community Room

By Carly Russell
Photo Editor

On March 3, the Chemistry Club hosted their Elemental Explorations event in the Schwartz Hall Community Room. The hands-on event allowed students to dive into science, making DIY lava lamps to take home. The Chemistry Club's next fun-filled event will be a game night on Tuesday, March 25, at 2:00 p.m. in Jennings Hall Room 324.

Students creating their mini lava lamps with oil, learning how density can be affected by carbon dioxide to give the lava lamp effect.

Chemistry major Kathrine Brown, a senior.

Psychology major Miracle Stevenson, a junior.

Anthropology major Leah Nelson, a freshman.

Garden Tea Party serves candy and creativity

By Carly Russell
Photo Editor

On March 4, the Women in Leaderhip Academy held a spring themed tea party at the School of Business. The party offered a relaxed setting for students and faculty to connect and unwind with tea, snacks and activities like icebreaker bingo and candy making all while celebrating the nearing arrival of spring.
