Ithaca College

I, Sadé, of broken body and tired mind, hereby leave...

#	Title	Album
1	Tamara Hill	We may not have been the closest of friends but I still loved hanging out with you! Your smile and laughter are contagious and you're such a kind soul!!
2	Kiran Sweeney	The first year of high school can be rough, buckle up, and lock in so that you can slack off a little in senior year.
3	Mrs. Taylor	You adopted my friends and I, you laughed with us (and sometimes at us), you comforted us and gave us advice, and overall, you helped us make it through junior and senior year!
4	Mrs. Grant	Being yourself helped me be me. Without your pep-talks and motivational speeches, I'd probably have passed out before every test I took.
5	Mrs. Spata	Thank you for being my crochet mentor!!
