# Scion Estrella

University of Connecticut - Stamford

I, Scion Estrella, of bleak body and willful mind, hereby leave....

#	Title	Album
1	Mr. Laber	Your humanity on the job teaches people way more than just English.
2	Coach Ashton	Your authenticity and fire inspired me to do and be more.
3	Ms. Gentle	Thank you for caring for us like your own.
4	Dr. O' Brien	Thank you for being warm in your otherwise very cold room.
5	Westhill Staff	Thank you all for challenging, accommodating and encouraging me. We notice the heart you put into your jobs. Mine may have cancer, but the love you give has healed
6	Jonathan Andrade	Despite everything, thank you for being a brother.
7	Friends	Thank you for being there, old or new.
8	Westhill	You made me proud to bear the horns. Thank you for forever changing me.
