University of Massachusetts

I, Chidube Kalu, of restless body and hopeful mind, hereby leave.....

#	Title	Album
1	The Westword	Pizza after every cycle, late nights spent grinding, fun trips to New York, and an incredible family atmosphere that couldn't be replicated anywhere else.
2	Westword Management Staff	Unbelievable passion for the Westword, hours spent copy-editing after school, snacks provided by Mr. Von Wahlde and Mr. Laber (thank you), and mutual respect and admiration.
3	APUSH	Engaging lectures from Mr. Kubick, the trial of Andrew Jackson, the Foner textbook, and an unforgettable group of people.
4	Student Government	Friday night skate, the torture that was dealing with senior merch, and lots of counting.
5	Ms. Leveille	Study halls spent counting money, the manual coin sorter, and incredible patience and kindness I could certainly not replicate.
6	My Teachers	Your incredible dedication to your craft. Though I do not say it often, I genuinely appreciate the work you do.
7	My Friends	The various smiles, jokes, and conversations that have brightened countless days. I truly appreciate you.
