| 1 | Tamara Hill | Conversations about our hair, our funny texts, late-night calls, and simply all moments of our friendship, which are memories I will always love. |
| 2 | Mrs. Taylor | Your amazing advice, our conversations in the hallway, and simply being a teacher I will always be thankful for.                                  |
| 3 | Ms. Griffin | You and your class taught me how to be more confident in myself and my mind which I am forever grateful for.                                      |

| 1 | Esmerelda Palma   | Failing APES together, taking 1,000+ pics just to post one, laughing till we pee ourselves, and all the sleepovers (even on a school night).  |
| 2 | Daniela Hernandez | Our "productive" study sessions, grabbing a coffee every chance we get, and having our little de-briefs after lunch with Mr. White  |
| 3 | Mr. Magnifico     | Giving me the worst relationship advice, bullying me into dropping out of Italian, and making me think I'm a fluent Italian speaking goddess after only taking 3 years. (all jokes) |
